[Begins]

"As to the United Nations, the Premier has stated to the Council of Ministers that the Secretary General of the United Nations has communicated the Korean affair to His Majesty's Government in the sense known to all of them already, with the request to Tahiland to support the action taken by the United Nations. The Council of Ministers has taken this matter into consideration and has decided to abide by United Nations decision. Thailand is happy to support the action taken by United Nations in every way and to the best of her ability. Being an agricultural country Thailand is ready to render assistance in the matter of food, rice for instance, should necessity arise. Moreover, it has also been decided that Thailand is prepared to render military assistance. [Ends].
